**How do you describe spending an evening with the heart of Petra?**

**Thunder Bay was blessed by the music and ministry of Bob Hartman and John Schlitt, II Guys From Petra. With music, testimonies and anecdotes from their years with the band, Bob and John shared the love of Christ and their devotion to serve Him. A special blessing came when the duo and the audience sang together; it was that blending of music and worship that made the evening so special. The ministry continued at a workshop held the next morning; musicians and non-musicians alike united with John and Bob in their desire to better serve the Lord. The weekend was a blessing. Thank you for continuing the ministry of Petra, and we look forward to hosting II Guys From Petra in the future.**
