

*PORTAGE ASSEMBLY OF GOD*  
*Portage, WI*

October 4, 2007

Dear Sue,

I am delighted to express my appreciation for the ministry of John Schlitt at the Portage Assembly of God in Portage, Wisconsin. He was a tremendous blessing to our congregation. From the very beginning of the service we could tell that God was going to honor John's desire to minister in the church setting as well as concert venues. We had a great time of worshipping with him and being challenged by his message. Many people expressed how helpful he was to them and how he was used of God for this specific time.

I have enjoyed the music of Petra for many years. I thought the quality of John's ministry and the new direction God is giving him begins a new tradition of his unique sound and ministry. I look forward to having him again or attending one of his concerts. Thank you for your assistance with scheduling and your kindness.

Yours in Christ,

Howard Edwards
