We had John Schlitt and Bob Hartman at our church for a Sunday morning service. I couldn't be happier. It was an incredible service. They led the worship, and then John shared his powerful testimony. What a blessing the whole thing was. From start to finish it was anointed. I appreciate the fact that they didn't have a "standard service package," but they were led by the Lord and were very much there to serve. It was very open, honest, and intimate. I would highly recommend them to any church. Our church had a great experience.

Sincerely,

Ken Cosentino
